

CITY OF PORT MOODY - 2018 MUNICIPAL ELECTION CANDIDATE SURVEY RESULTS

QUESTION 1 *Will you vote in favour of infrastructure investments that separate bicycles from motor vehicles and pedestrians along key transportation corridors and certain busy commercial streets?*

Sagheer Jan COUNCIL	Yes	Cyclist are a boon to better climate and a good thing health wise for the cyclists. Cycling to work, shopping, and pleasure is the best thing, and should be encouraged. In Beijing China I saw cyclists had protected corridors from motor traffic...why can't we have them here ?, because of Gas (Petrol) companies would hate to lose their insidious profits and they don't care for Green House emission as long as money keeps rolling in.
Hunter Madsen COUNCIL	Yes	Yes, our City has developed a significant plan to invest in separate bicycle lanes across key avenues of Port Moody, and I support those initiatives.
James Robertson COUNCIL	Yes	Yes, Port Moody is way behind in supporting residents in having the option of safe bike infrastructure. We have a clear deficit in active transportation choices that support business and connect people to transit hubs.

QUESTION 2 *Will you vote in favour of infrastructure investments that #UnGapTheMap in the municipal and regional cycling network, allowing people of all ages and abilities to travel safely by bicycle?* *Learn more about #UnGapTheMap at www.bikehub.ca/ungapthemap*

Sagheer Jan COUNCIL	Yes	
Hunter Madsen COUNCIL	Yes	
James Robertson COUNCIL	Yes	

QUESTION 3 *Do you think the budget for cycling infrastructure should increase, stay the same, or decrease and why?*

Sagheer Jan COUNCIL	Decrease	Healthy and environmtal programes (options) must be encouraged; it's a win win option for all ages.
Hunter Madsen COUNCIL	Stay the same	As indicated, our community has committed to making a very substantial \$3M investment to advance public transit, walking, and cycling in Port Moody, and I support executing that ambitious plan.
James Robertson COUNCIL	Increase	It should increase because residents have an utter lack of choice and our main transportation corridor is uninviting for active transportation users. What is even more surprising is the fact we have three schools along this road and to transit stations.

QUESTION 4 *Do you support providing transportation cycling education to all elementary school students so that kids can learn to be safe and responsible road users early on?*

Sagheer Jan COUNCIL	Yes	It should become a short mandatory curriculum during the gym session in every school....it will help student to also learn about the many benefits of cycling.
Hunter Madsen COUNCIL	Yes	
James Robertson COUNCIL	Yes	It was provided to me when I was a kid.
